

GREEN BASIC

Sustainable mop for maintenance cleaning using wet and damp wiping methods

The GREEN BASIC is a sustainable mop made from 20% recycled material and a cotton/polyester blended yarn.

It is characterised by its high water and dirt absorption properties and glides particularly well over the floor. The mop cover is ideal for maintenance cleaning in offices, shops, schools and daycare centres.

The mop is available as SPRINT flat mop and TWIXTER double mop.

The sustainable VERMOP products underline our determination to protect the environment.
