

UNIVERSAL ONE

One mop for all!

The UNIVERSAL ONE mop cover combines the advantages of dry and damp/wet cleaning. Based on our CERAN mop qualities for dry cleaning and WHITE MAGIC for damp/wet cleaning, the new mop cover can be used for both applications. The UNIVERSAL ONE is very good at picking up dust and loose dirt particles when dry without stirring up dust. It also is excellent at cleaning when damp/wet, loosening stubborn dirt. This means that many properties only require one mop. Depending on the situation, it can be used for wet or dry cleaning on different floor coverings.

Thanks to the excellent gliding properties when dry and wet, the UNIVERSAL ONE mop cover is particularly easy to use and is gentle on your back. The balanced combination of CERAN and WHITE MAGIC premium fibres give it a high surface performance with perfect water management and first-class cleaning results.

– Material: Wiping surface: 100% polyester
Covering: 100% rPES

– Features: Loop, without outer fringe

– Colour: white/grey mottled

– System: **SPRINT V** **TWIXTER**

– Code: 1446485 / 1446085 14769

– Size: 40 cm / 50 cm 40 cm

– Weight: 127 g / 150 g 176 g

Areas of application
